Center for Crop Diversification Undergraduate Fellowship

Fellowship Description

This is a paid fellowship opportunity with the potential for 399 Class Credit. Our fellow will attend farm visits, team meetings, extension programs, etc.; work collaboratively & independently on projects; collect data from farmers markets & produce auctions; & assist in social media content creation.

Fellowship Outcomes

Our fellow will...

- Gain experience writing extension-focused material & creating social media content.
- Gain exposure to Kentucky's horticulture industry via farm visits & attending a conference or field day program(s). Travel costs will be provided.
- Enhance their data analysis abilities.

How to Apply

Please visit uky.edu/ccd/fellowship or scan the QR code to apply! Deadline is April 19.
