> Psssst!!!
> Do you want to get summer research experience?

NSF Summer Research Internship at the University of Kentucky

- 10 week full time
- May 20- Jul 26, 2024
- **$5000** stipend

- Work with living creatures
- Conduct independent research
- Learn molecular lab skills
- Collect, analyze, present data

No previous experience necessary!

Our selection criteria emphasize enthusiasm, reliability, and willingness to work with spiders (small, harmless spiders!)

→ **Apply by March 22:**

- 1 pg cover letter: Why are you interested in this position?
- 1 pg resume that includes your year in school, major, and other interesting experiences (work, extracurricular activities, coursework, hobbies, etc)
- Contact information for **2 references** who know you well
